SONOMA, SONOMA COUNTY, CAL., AUGUST 28, 1920

NO. 52

RE-ELECT CLARENCE LEA TO CONGRESS

Highly Regarded For Constructive Work in Behalf of His District and Is Influential at Washington.

Congressman Lea has followed the example of Congressman Kahn, Nolan and Baker and filed his petition for nomination by both parties at the August primaries. Knowledge of his work at Washington justifies his course. It is to the best interest of the district and the State that he should be given these nominations.

Our Congressman is the employee of the people of our district to attend to the business of the nation at Washington. The opinion of informed persons is undivided that Mr. Lea has been a diligent, hardworking, effective employee and representative of our people and State.

CONGRESSMAN LEA

His efficiency is attested by the many things he has accomplished for the district since he has been in Washington. His success in securing government aid by which San Rafael will shortly have the advantage of practical water transportation and the splendid improvement that is about to be made in straightening and deepening the channel to Petaluma to take care of the \$17,000,000 worth of freight that is annually carried to that port, are but illustrations of his effective work and diligence for his state, and of other things he has accomplished for the district.

He secured a government road through the Hoopa Reservation in Humboldt county which will make an important link in the line of travel from the inland to Eureka, the commercial center of the north coast.

His efforts finally secured the government's adoption of Crescent City harbor, which will eventually lead to the development of one of the greatest undeveloped sections in California.

Mr. Lea is at present earnestly interested in several matters at Washington that are of unusual consequence to California. Among them is the great plan to increase the water supply of the Sacramento Valley and thereby add to the wealth, population and production of that great area. He is trying to save a forest of typical redwoods as a matchless asset to the future of northern California.

Nor has Mr. Lea neglected the smaller duties of his position relating to individuals and local communities having business at Washington. His activities in behalf of better mail service for the district, the establishment and extension of rural routes, in immigration and passport matters, in matter affecting individual veterans of the civil and other wars and their dependents, the many assistful things he did during and following the world war for our service men and their relatives and dependents, and his championship of California industries, can be attested by hundreds of people in the district having knowledge of these

SUDDEN DEATH CALLS GOOD WIFE

Mrs. Adolph Englin, wife of the recent purchaser of the John Wagon place near town died of heart failure last Saturday. Her passing was very sudden and was in the midst of many plans for improvements on the property recently purchased.

The funeral took place Monday from Bates Undertaking Parlor.

various matters. In the performance of the broader duties of his position, the service of Mr. Lea have been most commendable. His record during the war was characterized by a positive courage, wholesome, broadminded Americanism. His war record will be a credit to himself and our district and state as long as those things shall interest people.

Never has his voice been the vehicle of petty partisanship. Demagoguery is not part of his makeup. Sincere, modest, studious and industrious, he approaches all questions from the standpoint of their merits. Kindly and likeable, his appeal is to the intelligence and sympathies of men. In all of his work and associations there is the impress of high ideals and humane purposes.

Washington is a long way from California and Mr. Lea does not pursue his work by brass band methods. But his work is confirmed by many. Many persons in various stations in life have brought from Washington to California information of the way Mr. Lea is regarded as a man and as a Congressman in Washington. Leading men of the nation, regardless of politics have recognized and praised the industry and effectiveness of our Congressman. Only recently one of the leading Republican business men and statesmen of the nation, while visiting in California, spoke of Mr. Lea's ability and worth in the highest terms and said a district was fortunate that had a representative like Mr. Lea. By his work and association with members of Congress he has gained a confidence and friendly co-operation that is of value to our district and which, in any event, could not be gained by another except Mr. Lea gained it—by long association and effective and commendable work.

His friendly co-operation with the other members of Congress from California has been hearty, constant and mutually helpful. No month since he has been in Congress has passed that he has not, at his request or at the request of other California members, been found working in harmony in behalf of California and Western matters.

Narrow partisanship is not concerned with questions of faithful service. The justice and common sense of rewarding faithful service is not part of their creed. Their support is determined by the party label the printing press turns out for their O. K. But the business men, the farmers, the laboring men, and progressive forward minded people of the district who are interested in public affairs solely from the standpoint of public welfare and faithful efficient public service should see to it that Mr. Lea receives that same unanimity of support that he received two years ago that his useful work may continue.

No practical employer in the business world would think of dispensing with such services as Mr. Lea has rendered, with the training and experience he now possess, and the supplanting him by a new man. So, without reflection on any of his three opponents all of whom are doubtless men of merit, we say, "In voting why not give the people of the district and state the benefit of that same practical business of judgment you exercise in your private affairs?"

Voters Read This Before Marking Your Ballot for Superior Judge

(EDITORIAL)

We are on the eve of an important election and are about to cast our votes for no more important office in our keeping than that of Superior Judge. There are two Judges to be chosen on Tuesday next by the people of Sonoma County from a list of three candidates. Aspiring to the bench for another term is one man whose record in the case reviewed herewith we feel it our sacred duty to give to the public since he asks to be re-elected on his record. If this candidate, Judge Denny had retired from public life this case should never have been reopened in these columns for it is fraught with sad memories and under circumstances other than this were best forgotten. The people of Sonoma County, however, have a right to the facts of this case at this time, and particularly so as the candidate has attempted to justify his decisions and excuse the rulings which have been widely branded as grossly unjust and unfair. Let our readers decide. (The Editor)

The Granice estate matter may be called settled and is a closed chapter so far as the Sonoma County courts go and the judge's decree, but it is far from settled to the satisfaction of the fair minded men and women of Sonoma County. There is not a person cognizant of the facts in this case who believes justice was done. Had there been a will in which injustice was apparent, the blame would have rested on the maker of the will. In this case there was no will and no deeds to the property so unjustly distributed, yet children were deprived of their right and received practically nothing out of their father's estate through the process of probate at the hands of Judge Thos. C. Denny.

A man dying possessed of property appraised at \$14,000, his children getting \$13 each at the final accounting, and the creditors barely able to collect just claims! When a case is wound up like this and wives and husbands, mothers and fathers realize it what sort of an impression of our courts is it bound to create? Do you think that such things can be clothed in the name of justice, and the name of justice not suffer? It is something that should deeply stir the conscience of the people of this county wherein such inquiry was possible. It is something that should grip with fear the parent who has made no will and trusts to the justice dispensed by our probate courts. It is something for the voters of Sonoma County to consider on the eve of electing a Superior Judge.

In the flagrant example of injustice above referred to there was ample proof and effort made to have written into the records the fact that the man whose estate was so unjustly disposed of in the process of probate fought after his marriage to prevent the adventurism into whose clutches he fell from getting possession of his property. Three months after his marriage to her he died, whereupon she began to reap through Judge Denny's decisions, the harvest which had prompted her marriage to the well-to-do resident of Sonoma. The children with faith in our courts and the justice supposed to prevail, paid little heed to the adventurism's boast that her lawyer, a former Petaluman, and Judge Denny would "stand pat", and that the daughters would not get a cent. Subsequent developments were as follows:

The woman a "divorcee" signed the marriage register under the misnomer widow and was compelled to have the records of her divorce restored in San Francisco. There was in the first place no record in evidence before Judge Denny that she was legally the widow of H. H. Granice until the ex-Petaluma lawyer provided one by making an affidavit. She was appointed by Judge Denny to administer the Granice estate. How did she fulfill her stewardship? Ask anyone in Sonoma Valley. How did she manage the business affairs of deceased? The Court was fully cognizant of the facts but claimed to be powerless to interfere although the community property and life earnings of two people were in jeopardy and a good business was falling into disrepute because of the odium which attached itself to the conduct of the person recognized by the court as the custodian and sponsor of the estate.

In the life insurance matter what of Judge Denny's decision that gave all the money, \$4,000 to an unworthy claimant, money designated in the policy as a part of the estate and which should have gone to pay honest creditors and could have been the means of saving the home she had caused to be mortgaged instead of being a sinecure for the designing woman who divided the swag with her lawyer. What process of law or justice or discretion could make this right that the daughter given the life insurance, in a letter written by her father three weeks prior to his death, was put in a position where she had to fight for it or her portion of it, through an appeal to the higher courts, if an appeal was to be taken. Would not justice have been nearer served had the derelict who was awarded what plainly did not belong to her been the one who had to appeal for technical advantage? Learned lawyers advised that since Judge Denny had used his discretion, appeal would be useless, as Judges are seldom reversed on probate matters. The court held that no discretion was exercised that the decree was mandatory. What then of such a law and why not with such injustice binding a slot machine for justice instead of selection of men with honor to sit in high places?

Coming to the disposition of property, why was the homestead right vested in the widow for 7 years, thus making the \$3500 home practically valueless as an asset to the estate and an almost certain loss with a mortgage over it and the life insurance money given to her as exempt property whereas this money should have remained in the estate to protect the other property?

Why was the word homestead made a travesty of through the connivance, juggling and bargaining which went on in connection with the widow's effort to turn it into money until it brought a paltry \$1750 out of which the children had to meet two-thirds of the mortgage on the property. There was little of moral force or business principle in the protection of administration given the children in the stewardship of their father's property.

What of the allowance by the court of the account a gross insult in its recitation of items. Here Judge Denny admitted discretion. What was his attitude? Out of 110 items objected to by counsel for the children mulcted by fate and law out their natural inheritance, a miserable few were disallowed—Judge Denny allowing in one instance over \$200 out of the estate for one item—the repairs and ornamentation of a seal skin sash while a child of the man whose money he so honorably dispensed was in actual need, struggling with the hardships of life and winter, on a Mendocino government claim. Do precedents like these make enviable records? And on such a record, can Judge Denny hope to be reelected?

Let us hope that since such an unfortunate sequence of events have been possible that the day is not far off when with our courts a man's children will be assured of protection and that Judges will preside on the Bench who will dispense true justice.

A GRAND JURY is no more august than those who comprise it—a chain is no better than its links. The influence of a few sworn enemies of an official have a powerful effect on a group of men and their findings are not always the result of calm impassionate deliberation. In the Hoyle matter they were stampeded into utterances by members with axes to grind. Grand Jurors are just plain citizens like ourselves and what can they know about the law requirements in road procedure? It was easy to make the high minded members of the inquisitorial body the dupes of those who plotted a District Attorney's ruin and to make them bear the responsibility of the pronouncements that he was no longer fit to hold office. Who are these men, that they should pronounce judgment for the people of Sonoma County. Let the voice of the people themselves be heard at the polls Tuesday.

The Candidates For Supervisor

Editor Index-Tribune:

Much of the interest in Tuesday's Primary election centers about the choice of Supervisor for this district and in this connection a little history past and present is timely.

The incumbent, J. H. Weise, who is a candidate for reelection has filled the office since 1912 and was re-elected four years ago. Mr. Weise has shown himself to be a man of decided character and ability. At the time of his first election some of his backers attempted to make a cat's paw of him but they picked the wrong man in Harry Weise and as a result a self styled political leader and his henchmen were repudiated and rebuked. Weise was thereupon made the target of much abuse and was subjected to the recoil. He triumphed over his enemies however and continued in office throughout his first term. In 1916 he was reelected for a second term during which time he has done much creditable work for his district. That this good work should continue and a valuable public servant be kept on the job is the opinion of Mr. Weise's enthusiastic constituency.

Sonoma Valley's other candidate for supervisor is Fred Lowell, the well known orchardist. Lowell almost got aboard the candidates carry-all in 1912, but was queered by the kind of political company he was then keeping. In commenting on his prospective candidacy at that time the Index-Tribune said "Mr. Lowell is one of our best citizens and in every way qualified for the office, but with Bigelow backing him up these qualifications will count for nothing." Lowell saw the hand writing on the wall and not wishing to train with political hoodlums got out of the race. 1920 finds him back in the game, this time in dead earnest. Fred has the same good qualifications he had before, but again we find among his loudest shouters, a Bigelow trained chorus. The Murray-Levy-Watters trio are religiously chanting his praises. In vain Lowell has sought to muzzle them, but it is a safe bet that Jack Murray and the sanctimonious editor and the Vineburg self center practicing upon the music that they expect to make Lowell dance to after election, will have all their trouble for nothing. Fred will not have to dance, the voters will take good care of that. As to Cotati's candidate, Mr. Emil A. Lau he is very confident of election and if the section of the district from which he hails runs true to form, it will back him to the limit. Nuf sed. Let us all vote for Weise.

JUDGE EMMET SEAWELL CANDIDATE FOR REELECTION

The following tribute is worthily bestowed upon Judge Seawell's candidacy by one of the leading newspapers of Sonoma County:

Judge Emmet Seawell, one of the greatest jurists in the history of Sonoma county and a candidate to succeed himself to the Superior Court bench, was in town Wednesday shaking hands with his many friends.

That he has a clear walkover for one of the two positions open at the election is the dope so far, but it would be a calamity if any of his friends should fail to go to the polls on the 31st thinking he is sure get it, for it might imperil his chances. Judge Seawell is one of those kindly dispositioned men, one of God's noblemen if you please, and his record of fairness and impartiality in the hundreds of cases which he has presided over in the past, stamp him as fit to step into a much larger sphere of usefulness in a judicial sense ere his life span be complete. He is a credit to his profession in every sense of the word.

STATE CONSUMMATES PURCHASE OF "FARM" HERE

Home For Delinquent Women to Be Located at Buena Vista as Predicted in These Columns Last Week.

The sale of the Cailleaud property, Buena Vista Castle, to the State as a farm for delinquent women was consummated last Saturday as anticipated in the columns of the Index-Tribune last week. The purchase price is said to be \$50,000 and the deal was made through Otto R. Wagner.

Plans are already underway to remodel the castle and build additional buildings to accommodate the fallen women who will be sent here after conviction.

The trustees of the new institution to be located at Buena Vista include: Dr. Emma Willits, president; Mrs. J. B. Hume, Mrs. Maude Sibley, Dr. Robt. Barton, Capt. Duncan Matheson and Miss Blanche Morse, secretary.

Sentiment against the location of the "farm" in Sonoma Valley is pronounced, many leading residents condemning the sort of advertising it will give this locality. Such institutions are notorious for frequent riots and in San Francisco and Alameda county such places have frequent breaks and escapes.

Those who champion the coming of the institution do so on the ground that the local merchants will benefit but the commercial advantage does not reconcile property owners to the coming to Sonoma Valley of the scum of the State and the association of the name Sonoma with the new haven for prostitutes and inebriates.

VINEBURG NEWS

Mr. Fred Batto accompanied by his son and daughter and Miss Adele Andrieux started on a vacation to the Summit of the Sierra Nevada on Monday last. They will be the guests of Mr. and Mrs. Chas. McDevitt, and family who are now in camp at Donner.

Philip Bill, Sr., the veteran foreman at the Rhine Farm is now enjoying a well earned vacation.

Howard Knight, one of Sonoma Valley's progressive farmers was a visitor in the burg on Thursday last. Mr. and Mrs. Walter Bundschu and son motored to Placer County on Sunday last where they will enjoy a vacation and be the guests of friends and relatives at Towles.

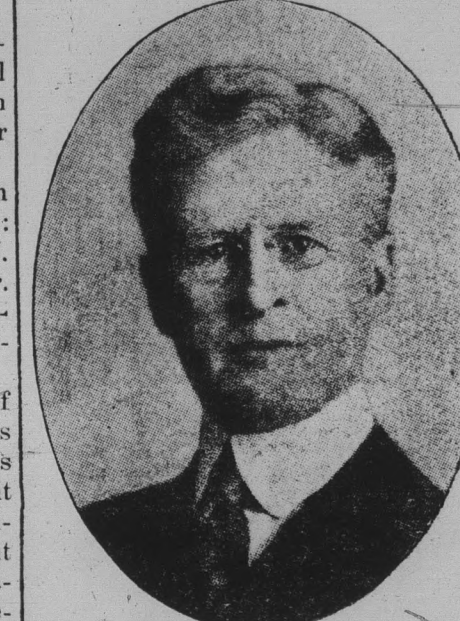

Messrs Albert and Alois Groskopf motored to Vallejo on Sunday last and were the guests of Mr. and Mrs. Frank Groskopf.

Several head of high bred horses from the stock farm of Miss Ruth Maxwell were brought to the burg the other day and were "shod" by the Vineburg blacksmith, Mr. Farris, before going to the County Fair.

HIGHLY ENDORSED FOR SUPERIOR JUDGE IS ROLFE L. THOMPSON

Among the many high tributes and commendations on the candidacy of R. L. Thompson for Judge of the Superior Court of Sonoma County are the following:

Hon. Albert G. Burnett, Justice District Court of Appeal: "I do not know of any man in the whole State of California who I believe is better qualified than R. L. Thompson in character, ability and industry to discharge the important duties of

the office of Judge of the Superior Court."

San Francisco "Call" and "Bulletin": "Rolfe L. Thompson—is the type of man who should sit on the judicial benches of California.—He has both heart and mind, wisdom and intelligence. We need not ask more than this in choosing the Superior Judge of Sonoma County.

Cards have been received from the Stein-Schell party who are touring Southern California, stating that they have been having a fine motor trip and found one city whose roads were like Sonoma—San Luis Obispo. Sonoma will not be in that class long, thanks to our progressive citizens.

Chas. Spindler has been up from San Francisco on a visit to Sonoma Valley friends.

The former Union Livery Stable long the property of Granville Harris, is being remodeled into an up-to-date gas service station, which will be operated in connection with the garage, of which Lloyd Hotz is manager.

Mr. Frank Knolle is now filling the position of bookkeeper and cashier at the office of John Batto & Son during the absence of Miss Adele Andrieux.

Mrs. Grover Rubke was the guest of friends in the metropolis last week.

COWBOY HURT AT SONOMA COUNTY FAIR

The nearly fatal injury of a cowboy performing in the rodeo sent a thrill through several thousand people at the Sonoma County Fair Tuesday.

The rider, Don Tate, a native of Missouri, and resident of Miles City, Montana, was believed to have been fatally hurt when an unbroken horse reared back on its haunches and fell on him with all its weight.

It was widely reported at the fair grounds that the horn of the saddle had penetrated Tate's chest, but Dr. J. W. Jesse, who attended the injured man at the hospital, declared that the cowboy's injuries were confined to concussion of the brain, lacerated wounds on the right side of the face and a wound on the chest. There are no internal injuries, Dr. Jesse said.

Tate, who is about 25 years old, had come here for the purpose of entering in the wild west riding at the rodeo. He was not connected with the Millerick Brothers show except as an outside entrant for the prizes.

The horse, Montura, is the property of Millerick Brothers.

LAU RIGHT MAN FOR SUPERVISOR

Opportunity knocks once at every door, so it has come to the voters of the first supervisorial district in the form of E. A. Lau, candidate for supervisor at the primary election, Tuesday, August 31. Seldom indeed is a county favored by having a candidate who is so well fitted for the position he seeks, capable, progressive, fearless and wide-awake these are the characteristics that mark Mr. Lau, a man of rare foresight and honesty, having at heart the interest of all the people throughout the entire district, therefore the county will gain in Mr. Lau, a trustworthy servant, and like the slogan his friends have bestowed upon him, "the right man for the job."

Mr. Lau is a good business man, and a vote for him means better roads as he is his hobby and one of the reasons why he is seeking this office, therefore the people should elect him.

Mrs. Lula Vallejo Emparan has been invited to participate in the Annual Pioneer Day at Santa Rosa early in September. A feature of the program will be a talk on her father, the late Gen. M. G. Vallejo.

The Misses Grace, cousins of Dr. A. M. Thomson, who have been sojourning here for some time have gone to Colorado Springs.

TODAY IS SONOMA DAY AT COUNTY FAIR

Big Event Will Close Tomorrow With Program of Much Interest.

The Sonoma County Fair, the first held in this county for five years, opened Monday at Santa Rosa with a large attendance, which has increased daily, and there is every indication that when the gates close next Sunday night the number visiting the big show will greatly eclipse any former fair ever held in Sonoma.

The Fair was formally opened by Mayor W. E. Rutherford, who crowned the juvenile king and queen in front of the Court House. Angelina Toscani is Queen Rosa and Billy Aldrich is King Rex. In the afternoon the parade was held, Petaluma winning the honors with five floats in the parade. Visitors are finding much to interest them at the county fair. There are the Rodeo, wild-horse riding, bucking-horse contests, bull-dogging, etc.

A four-day horse meet, which began Wednesday, with two trotting races and two or more running races each day with purses as high as \$1,000.

Prize winning cattle, horses, sheep and other animals are to be seen in large numbers.

The industrial exhibit, demonstrating hundreds of implements and articles in use on the farm and in the home, is well worth seeing.

The horse show is said to be one of the best ever staged on the Pacific Coast and some of the best horses in the world are there to compete for prizes.

The poultry and pet stock exhibit is one of the big features.

The agricultural exhibits show the best products of Sonoma and surrounding counties.

Today (Saturday) is Sonoma day at the Fair and also Sebastopol's. The famous Apple Show from Anahy will be the chief attraction in the morning. The four-day race meet will conclude this afternoon. A class program is scheduled of harness and running races. A horse show, dog show, and dancing will attract large crowds tonight.

Sunday all exhibits will be open. In the afternoon there will be auto races between some of the world's best drivers, and motorcycle races. In the evening the Fair closes with a dog show, dancing and fireworks.

A PREACHER'S SON WRITES OF SUNDAY—BUT THEN HE'S A REAL EDITOR

(There has been a good sized row over in Petaluma about the celebration of Egg Day and the rodeo on Sunday. In answer to critics of the committee and Chamber of Commerce, John Olmsted of the Petaluma Argus writes as follows:

The ministers of this city who have protested against the Sunday Rodeo, seem to have assumed the attitude that the directors of the Chamber of Commerce are guilty of duplicity in withholding the announcement of the Sunday attraction until so late a date as to make protest ineffective.

This is an unjust attitude. The directors had not intention of trying to "put one over" on the church people. As early as June 29th it was decided to hold a two-day celebration. Egg Day coming on Saturday the 21st, it would naturally be assumed that the other day of celebration would fall on Sunday. At least that was the understanding of those who made the plans. The attitude that the church people might assume towards the Sunday celebration was discussed in the meeting of the directors and after the subject had been discussed there was no dissenting voice. The directors knew, of course that there would be some objection, but in view of the facts that Sunday is more and more coming to be a day of recreation, that Sunday is the only day on which the working people would have an opportunity to see the rodeo, and that the large majority of the people of this and other communities seem to sanction Sunday attractions of this kind, led the directors to believe that the action would meet with the approval of the majority in this community.

Sunday observance is a matter of individual opinion, and until the majority can be educated to the views of those who believe that Sunday should be observed strictly as a day of religious worship it would seem that the only attitude that can be assumed by such public bodies as the Chamber of Commerce is that the majority shall rule.

The directors, no doubt, would prefer to have the rodeo on a holiday, but Egg Day does not come on a holiday, and since it is necessary to make it a successful occasion, the only alternative was to give up the rodeo entirely. This the directors did not wish to do. One of the objects of the rodeo is to raise funds to defray the expenses of the Egg Day celebration, and had no complications ensued after the plans had been made, the rodeo undoubtedly would have cleared enough to more than reimburse the Chamber for its expenditures for the entire celebration.

Another attitude that is unjust, is that those who take part in the rodeos are a rough, carousing element. If one stops to think a moment, it will be readily realized that if a man wishes to be a topnotcher in any line he must be a clean liver. Experience has shown those men who

COUNTY DIVISION IDEA FAILS TO BLOOM IN BLOOMFIELD

Petaluma's hopes of county division were given a severe blow Monday at Bloomfield, when the people at a mass meeting, called to discuss the proposal of Petaluma expressed themselves so strongly against the idea that no signatures were obtained to the petition.

Homer Wood, editor of the Petaluma Courier and one of the sponsors for the county division campaign, made the principal address, but it was without effect on his audience, who were determined to maintain the integrity of Sonoma county. E. E. Dress and James W. Elder, members of Petaluma's committee of fifteen, made short talks to the assembly.

have promoted rodeos that the participants are far from a rough, carousing element.

In conclusion, I wish to say that I have a deep respect for the church and the ministry. My father was a minister of the Gospel, and my dear old mother taught me the eternal truths of the Bible. I sincerely hope that I am not looked upon as a shining example of what ministers' sons are almost universally believed to be when I say that I believe that the only way to teach religion is by a process of education and not by the method sometimes attempted, that of trying to cram it down unwilling throats. In other words, the majority must rule and education alone will bring about more religious observance of Sunday.

HAD NARROW ESCAPE IN RUNAWAY ACCIDENT

Mrs. Robt. W. Ford, of Vineburg wife of Capt. Robt. W. Ford, U. S. N. had a narrow escape from fatal injuries Thursday of last week when the spirited horse she was driving from Sonoma to Vineburg took fright at a passing automobile and ran away. The frightened animal finally swerved into a ditch and overturned the surrey, throwing the naval man's wife beneath. The unfortunate victim of the accident was dragged for some distance before passersby came to her rescue and she was extricated from the overturned rig by Mr. Vernon.

Mrs. Ford escaped with a few painful cuts and bruises. The auto which caused the horse to take fright sped by seemingly little concerned about the runaway so Mrs. Ford states. The horse which she was driving, has always been a pet and she might have been dragged to her death had not the animal heeded the voice of its owner and stopped its terrorized plunge where it did.

Miss Florence Murphy who has been visiting in San Francisco was the guest of Mrs. F. T. Duhring at the Women's Athletic Club last week and later attended the Commonwealth club's meeting at the Palace Hotel were Dr. Barrows of U. C. was the chief speaker.

Prof. J. P. E. Cleve of Southern California has been here on a visit to his brother, Wm. Cleve.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Requirements of Attendance

Sonoma Valley High School opens Monday, Sept. 6th. All text books and a reasonable amount of stationery will be furnished free.

Attendance for all children under 16 years of age is compulsory. The school census has a record of the correct age of every boy and girl. All children over 16 and under 17 years of age are compelled to attend 4 hours each week if residing or working within 3 miles of any high school.

Any parent or employer who employs a child in violation of the compulsory attendance act is held liable.

The principals of the high school and grammar school are required by the act to report all such cases to the attendance officer.

All students, full-time and part-time, should register at the high school not later than Monday, Sept. 6th. Any afternoon of the previous week commencing Wednesday, will find Principal Golton at his office. It will be to the advantage of every student to register in advance and receive the personal help thus made possible.

From Sept. 1st, all American bread will be reduced to 10, 15, and 20 cents per loaf, Sonoma Valley Bakery.

Evangeline C. Dodge, Neal E. Dodge and Richard D. Dodge, Plaintiffs, vs. John Lewis, Christian Bruner, Victor Prudon, Robert B. Carter, Mabel C. Coffin (formerly Mabel C. Carter), as guardian of the person and estate of Robert B. Carter, minor, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, Defendants.

SUMMONS

Action brought in the Superior Court of the State of California, in and for the County of Sonoma, and the complaint filed in the office of the County Clerk of said County of Sonoma.—J. R. Leppo, Santa Rosa, California, attorney for plaintiffs.

The People of the State of California Send Greeting to: JOHN LEWIS, CHRISTIAN BRUNER, VICTOR PRUDON, ROBERT B. CARTER, MABEL C. COFFIN (formerly Mabel C. Carter), as guardian of the person and estate of Robert B. Carter, minor, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, Defendants. YOU, AND EACH OF YOU, ARE HEREBY DIRECTED to appear, and answer the complaint in an action entitled above, brought against you in the Superior Court of the State of California, in and for the County of Sonoma, within ten days after service on you of this summons, if served with in the county, or within thirty days, if served elsewhere.

AND YOU ARE HEREBY NOTIFIED that unless you appear and answer as above required, the said plaintiffs will take judgment for any money or damages demanded in the complaint, as arising upon contract, or plaintiffs will apply to the court for any other relief demanded in the complaint.

This action is brought and the object thereof is to determine the object claims to and clouds upon plaintiffs' title to the said real property hereinafter described, and to obtain the judgment of this court adjudging and decreeing that said plaintiffs are the owners in fee simple absolute and entitled to the possession and in the possession of the said real property described in plaintiffs' complaint herein, and that the said defendants and all other persons known or unknown, or any of them, have not, nor has either of them, any right, title, estate, lien, interest or right of possession in the real property described in the complaint, or any part thereof, and that they, and each of them, be forever barred from asserting any claim thereto. The said real property is situate, lying and being in the County of Sonoma, State of California, and is more particularly described as follows, to-wit:

First Piece: Beginning at an iron pin driven into the ground at a point in the center of a gateway on the North line of Out Lot 575, as laid down and designated on the official map of the Town or City of Sonoma, bearing North 83 degrees West from the Northeast corner of said Out Lot, and distant from said corner 11.88 chains West, and running thence South 6 degrees 15 minutes West, 17 chains to an iron pin; thence South 7 degrees West, 20.20 chains to the center of Sonoma Creek; thence up the center of said Creek, following the meanders thereof, to the Southerly line of a street leading from Sonoma Creek to Broadway; thence Easterly, along the Northerly line of Out Lot 574 to its Northerly corner; thence Southerly, along the Westerly line of Broadway to Chili Street; thence along the Southerly line of Chili Street, to the place of beginning, comprising Out Lot 574, and the Westerly portion of Out Lots 575 and 583, also the Westerly portion of the strip of land designated as Argentina Street, and that portion of the strip of land designated as Broadway which lies South of Chili Street;

Second Piece: Beginning at a stake marked HH, standing on the Southeasterly line of land heretofore conveyed by Jerome Lincoln to S. J. Agnew, thence North 66 degrees 15 minutes East, 1.66 chains to the center of Sonoma Creek; thence down said Creek, following the meanders thereof, 32.13 chains to a point in the center of the stream; thence South 66 degrees 15 minutes West, 26.20 chains to a stake in the line of land of Jerome Lincoln; thence North 23 degrees 45 minutes West, 25 chains to a stake in the line of said land of Agnew; thence on said line, North 66 degrees 15 minutes East, 36.24 chains to the place of beginning, containing 69.86 acres, being a portion of the Polupa Tract of the Petaluma Rancho, conveyed by Jerome Lincoln to Robert Howe and Robert Hall, by deed of December 28, 1881, recorded in Book 76 of Deeds, page 605, of Sonoma County Records;

Third Piece: Beginning at a stake standing at the most Southerly corner of the Second Piece above described, running thence South 23 degrees 45 minutes East, along the line of Jerome Lincoln, 14.30 chains, more or less, to an iron pin in the corner of a fence; thence along said fence, North 67 degrees 15 minutes East, 1.66 chains to the place of beginning, comprising Out Lot 574, and the Westerly portion of Out Lots 575 and 583, also the Westerly portion of the strip of land designated as Argentina Street, and that portion of the strip of land designated as Broadway which lies South of Chili Street;

Fourth Piece: The Northerly 75 feet of the Westerly 150 feet of small or in-lot No. 75 of the City of Sonoma, in the County of Sonoma, State of California, as the said lot is known, numbered and designated on the official map or plat thereof. Together with all and singular the easements, tenements and appurtenances thereunto belonging, or in any-wise appertaining.

Given under my hand and the seal of said Superior Court this 6th day of July, 1920.

TO THE PROPERTY OWNERS OF SONOMA

From your bond issue you have approximately \$50,000 with which to build your paving.

The bids submitted last night show that any four inch paving will cost you more than the money available.

You can do one of three things. 1st. Reduce the area to be paved thus depriving some of you of paying for which you voted the money. (This is hardly fair to those who voted their money and who would be deprived of what they were to receive for their money.)

2nd. You can do your work by day labor trusting that you can finish it inside your money. (This seems almost impossible when you figure that you have no equipment and no organization. If anyone says it can be done let him put up some guarantee to do it, so that the city may be protected and the work not be left half finished.)

3rd. And in our opinion the only sensible thing to do under the circumstances—take advantage of the wonderful gravel base which your city streets have and which you have paid many thousand dollars to make in past years—call for bids to surface these streets with from two (2) to two and one-half (2½) inches of asphaltic concrete surface.

You have the foundation and by thus surfacing it, you will have a pavement which will be equal to any you could build at any cost.

In case you adopt this course, we will guarantee to submit bids which will be within the money you have to spend for your paving.

If there is any question in your mind as to the quality of this method of paving we will be pleased to take any committee, your board of trustees and the advisory committee or whoever may represent you over many miles of main highways of this kind of construction which have been under heavy traffic for many years.

center of Sonoma Creek; thence up said stream to a point in the center thereof, at a corner of said Second Piece; thence North 66 degrees 15 minutes East, on the line of said Second Piece, 26.20 chains to place of beginning;

Being a part of Polupa Tract of the Petaluma Rancho and the North-westerly portion of the land conveyed by Jerome Lincoln to Robert Howe and Robert Hall, by the deed of November 14, 1882, recorded in Book 83 of Deeds, page 205, of Sonoma County Records.

Saving and Excepting, however, from the Second and Third Pieces above described, that certain piece of land conveyed by Robert Hall and Thirza Denia Hall, his wife, on November 11, 1912, to Carl Jakob and Matilda Jakob, his wife, which said deed is recorded in Book 305 of Deeds, page 93, of the Sonoma County Records;

Also, Saving and Excepting from said Second and Third Pieces above described, that certain land conveyed on August 18, 1887, by Robert Hall to the Santa Rosa and Carquinez Railroad Company.

The above described three pieces of property constitute what is commonly known as and called the Hall Ranch of Sonoma Valley, Sonoma County, California.

Fourth Piece: The Northerly 75 feet of the Westerly 150 feet of small or in-lot No. 75 of the City of Sonoma, in the County of Sonoma, State of California, as the said lot is known, numbered and designated on the official map or plat thereof. PRIMARY ELECTION ON TUESDAY NEXT

The Primary Election falls on Tuesday next, August 31st. Sample ballots have been forwarded by County Clerk W. W. Felt Jr., to all voters in Sonoma County. Among the important offices to be voted are the following for which we commend candidates listed herewith:

Vote against the Recall.

For District Attorney vote for Geo. W. Hoyle. A vote for Mr. Hoyle indicates that you want county road work to be done legally and the business of Sonoma County conducted so that the county will get every dollar coming to it and no dangerous precedents or slack methods which usually leads to graft be tolerated.

For Superior Judges vote for two. Judge Seawell has an honorable career of many years on the bench of Sonoma County and should be rewarded by the vote of every man and woman in each precinct. He is not only a splendid lawyer and jurist but is a distinguished citizen of our county.

Rolfe L. Thompson is one of the most brilliant lawyers in Northern California. He is a man of honor and reputation for integrity and high purpose. He would elevate the judiciary of Sonoma County and assure the humblest individual a square deal before our courts.

For Supervisor, vote for J. H. Weise, present incumbent. Mr. Weise can keep Sonoma Valley's representation on the Board of Supervisors. He will get the vote of his constituents on the Petaluma side and with his own district standing pat his election is assured. Supervisor Weise is an influential member of the Board of Supervisors and is doing much good work for this section. He is faithful, energetic and progressive, always ready to take up matters vital to the welfare of the communities he serves and listen to constructive criticism and suggestion. Keep a Sonoma Valley man on the Board of Supervisors.

For Congress, vote for Clarence F. Lea whether Republican or Democrat. If you believe Lea has been a good representative of his district vote for him. If you want a clear thinking, clean-cut broadminded man with influence already established at the National Capitol and the recognition and respect of men of affairs won by the straightforward uncompromising stand he has taken on vital issues re-elect Congressman Lea.

"THE RIGHT TO HAPPINESS" COMING "DON" ATTRACTION

Sonoma playgoers will be interested in the announcement by Manager John Mohr of the Don Theatre that he is to present the great production, "The Right to Happiness" on Thursday night, Sept. 2d.

The play is not only one of absorbing intensity but is of local interest in that it is produced under the direction of Allen Holubar and the star Dorothy Phillips is his wife. Mr. Holubar is a brother-in-law of Fritz Helberg, Mr. Helberg having married Holubar's sister.

In the play "The Right to Happiness", Mr. Holubar has achieved one of his greatest screen successes. It is a strong play, wonderfully acted.

Dr. W. B. Hays has been suffering from a felon, and had to be taken to a San Francisco hospital for treatment. As Dr. Thomson was on his vacation, the situation locally was serious until Dr. Hays wired for his contemporary to come home and take care of his surgical cases.

A. W. Adler and son returned from a business trip to the Mendocino lumber camps this week.

WILL HOLD RESPONSIBLE POSITION DURING CAMPAIGN

For a Schellville farmer, Congressman C. F. Lea who is our representative at Washington seems to be gaining national wide recognition.

The people of Sonoma Valley will be pleased to hear that Mr. Lea has been made Western manager of the Democratic national campaign headquarters at San Francisco.

This is a great honor and shows how highly Lea's talents are regarded at Washington. His quiet but magnetic personality has won him countless friends and makes him popular with all classes of people.

Amid the glamour of official life, and complex duties at the National Capitol, Mr. Lea's thoughts often turn to the little ranch which he has planted out in Sonoma Valley and he never fails to visit here when out from Washington.

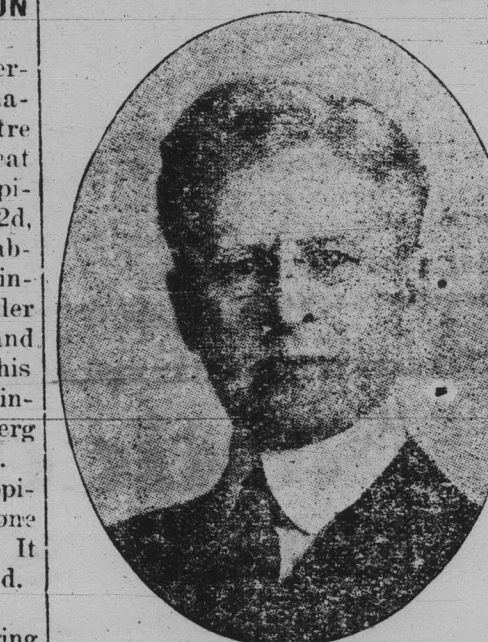

Just now he is a very busy man with his campaign for re-election on, and the added responsibility and honor of his latest appointment.

DONORS NAMES WILL BE ENGRAVED ON BRICKS IN LONDON MEMORIAL LIBRARY

How would you like to see your name engraved on a brick that will build the Jack London Memorial Library at Glen Ellen? Wouldn't it please you in days to come when your children and your children's children gather to view the beautiful valley immortalized by Jack London's pen, and to bare their heads for a solemn moment at the foot of the great red rock of wonderful formation, on a wooded knoll, which marks his last resting place? Wouldn't it please you to find your name inscribed there?

Through the efforts of the Women's Improvement of Glen Ellen, of which Mrs. Elizabeth Shepard, sister of Jack London, is the secretary, the privilege will be given. It is the plan of the club for each \$5 donation received to engrave the donor's name on a brick that will be used to construct the walls of this building.

VOTE FOR ROLFE L. THOMPSON For Superior Judge of SONOMA COUNTY

If you favor his candidacy, it is IMPORTANT that you vote at the AUGUST PRIMARIES. The law requires that a candidate shall receive 50 per cent of all votes cast at the primaries in order to place his name on the ballot for the fall election.

A NEW RULING ON HOME MADE BEVERAGES

Now folks, they're easing up a bit on the Volstead act, and the latest interpretation by the Federal Commissioner relates to the manufacture of non-intoxicating cider and fruit juices in the home.

Non-intoxicating is explained to mean non-intoxicating in fact and not necessarily less than one half of one per cent of alcohol. In other words, if what you make in the home does not cause you to sing in high C, reel or jig and if you are able to navigate as though the seas were not running high, you are perfectly within the law. You must drink it all yourself however, for it can be sold or delivered only to persons having permits to manufacture vinegar. Whether those with a sour visage can qualify is a matter yet to be determined.

You can take your grapes to a winery and have them crushed, but beware if they are "slightly on the mash", the law cannot then be winked at, for distillation will be at once suspected. When you get your home supply of juice beware of putting sugar in it, as that will be construed to mean that you intend to increase the "kick." And to think that a few short years ago you actually saw some tenderfoots deliberately putting sugar into perfectly good red wine. How the times do change!

The latest ruling as issued by the U. S. Treasury department on home manufacture is as follows:

Section 29 of title II of the National Prohibition Act provides that the penalties imposed in the act against the manufacture of liquor without a permit shall not apply to a person for manufacturing non-intoxicating cider and fruit juice exclusively for use in his home, but such cider and fruit juices shall not be sold or delivered except to persons having permits to manufacture vinegar.

The Bureau's interpretation of the foregoing provision is as follows: Any person may without a permit, and without giving bond, manufacture non-intoxicating cider and fruit juices, and in so doing he may take his apples or fruits to a custom mill and have them made into cider and fruit juices. After such non-intoxicating cider and fruit juices are made, they must be used exclusively in the home, and when so used, the phrase "non-intoxicating" means non-intoxicating in fact and not necessarily less than one-half of one per cent of alcohol, as provided in section 1, of title II of the said act.

Or if the person making such cider and fruit juices desires to do so, he may (1) sell such cider and fruit juices at any time to persons having permits to make vinegar; this he may do under the provisions of said section 29; (2) if he preserves such cider and fruit juices at the time they are made, he may sell same to the public in general; this he may do under the provisions of section 4, of title II, of said act; (3) or he may sell said cider and other fruit juices so long as they contain less than one-half of one per cent of alcohol but the purchasers thereof can not

W. N. VALLANDIGHAM FOR THE ASSEMBLY

W. N. Vallandigham, a practicing attorney of Santa Rosa, and old resident of Sonoma county is a candidate for the place in the Assembly filled formerly by Bob Madison, who this year retired from politics. Mr. Vallandigham is a graduate of a California and also an Eastern law college and has also been a teacher.

He resigned his position at the time of the Spanish-American war to enter the service of his country. After the war he took up the practice of law in which he has been very successful. This candidate has decided views upon the important duties of law makers at Sacramento and would give his best efforts to doing away with foolish legislation that our statutes may not be cluttered up with too many laws. He believes in a policy of economy at Sacramento and favors a legislature committed to strict business policy.

Mr. Vallandigham believes in a Public Defender as well as a Public Prosecutor and would give the people the advantage of such an official. He believes that the community property laws should be revised so as to protect the children of hardworking mothers and guarantee to them something of their savings. On many important questions to be decided at the next Legislature, Mr. Vallandigham stands pledged to give a good account of himself if elected by the people Tuesday.

SONOMA'S NATIVE DAUGHTERS TO PARADE SEPTEMBER 9TH.

Sonoma Parlor, Native Daughters of the Golden West, have decided to participate in the Admission Day celebration in San Francisco and will parade September 9th with the other Sonoma County Parlor. The fair daughters will wear white with their golden badges and a touch of the poppy color in their hats.

Sonoma Native Sons will also be in the line of march, with Sonoma County heading the procession.

use or possess same after they contain more than one-half of one per cent of alcohol; this he may do under the provisions of section 1 and 3, of title II, of said act.

The cider in the home may be allowed to turn to vinegar if the owner so desires, provided he adds no sugar or other fermentable substance to the cider or fruit juices to increase the alcoholic content thereof, inasmuch as such practice is held to constitute a mash fit for distillation within the provisions of section 3282 Revised Statutes; he may sell said vinegar to any one who may desire to purchase it; this he may do under the provisions of section 4, of title II, of said act.

This regulation is not intended to cover the commercial use of cider and fruit juices, but merely the use of the same as applied to the home and as provision is made in section 29 of title II of said act.

ORGANIZED BOYES SPRINGS FIRE DEPARTMENT CLUB

A new organization to be known as the Boyes Springs Fire Department Club and which will sponsor the new fire engine was organized at the Springs last week. The following officers were chosen: President, J. W. Minges; Vice President, C. Darling; Secretary, A. Blongren; Finance Committee, Messrs. Schaeffer, Darling and King; Chief of Department, W. B. Cause; First Assistant, A. Blongren; Second Assistant, C. Wagner.

Twenty five members were enrolled and it was decided to purchase the American-LaFrance chemical engine of 60 gallon tanks capacity and mounted on a Reo chassis, the cost to be about \$4000.

There will be another meeting of the club Tuesday at 4 o'clock at Boyes Springs theatre.

Everybody is invited to attend.

DEATH OF GRANDSON OF LATE ROBERT HOWE

Asa Tway Waugaman, 20 year old grandson of the late Robert Howe died at his home in Mill Valley on the 21st. Young Waugaman was the son of Lydia Howe Waugaman and Asa Waugaman.

The family often visited here when Eden Dale ranch, now owned by the Clements family was the property of former state senator Howe.

MRS. WICKER ENTERTAINS IN HONOR OF OLD FOLKS

Mrs. Henry Wicker gave a unique and enjoyable party Wednesday afternoon complimentary to the ladies of "lavender and old lace" in her neighborhood, and while individually and at other times, some of her guests would resent the soft impeachment of being old ladies, collectively they were all delighted to be so rated on Wednesday and to be included in this delightful party.

Dressed in their best bib and tucker, twelve prominent matrons gathered at the handsome home and after needle work, repartee and games, were ushered into the dining room where their hostess had prepared an elaborate collation. The table was attractively decorated in golden tulle and flowers and all did ample justice to the delicious repast.

Those present were: Mesdames R. A. Poppe, A. Bates, Mary Shaw, D. Stofen, C. J. Lowell, M. E. Murphy, W. Hanger, H. Appleton, H. Smith, A. McElroy, M. Carter and Miss Riensch.

L. Marioni has donated \$25 toward the purchase of Sonoma's new chemical engine.

The above newspaper clipping was reproduced from the Wall Street Journal of July 24th. It is a portion of that publication's annual review of the national and state banks and trust companies, reporting deposits for the year ending June 30th, 1920, of over fifty million dollars.

Although the figures of one of New York's banks would indicate to the uninformed reader that the institution made a greater gain in deposits than the Bank of Italy, it is a fact that the Eastern bank's large showing was caused through a merger with another New York financial institution.

The Bank of Italy's growth represents an actual increase in deposits, without a merger or consolidation with any other bank. With the exception of certain banks in New York, Chicago and Boston, the Bank of Italy is today the largest financial institution in the United States.

EUVELLE HOWARD

FOR CONGRESS

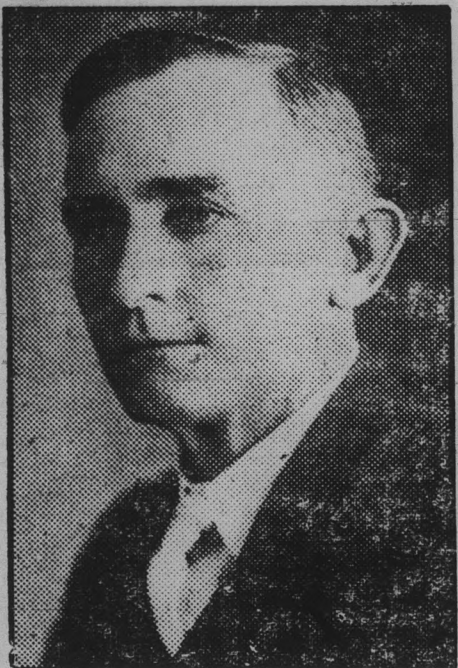

Elected to County Office By Largest Majority Ever Received by a Candidate.

LEADING CANDIDATE

Endorsed by Judges and Supervisors, by Stockmen and Farmers, by Laborers and Educators.

Euvell Howard now seems to be the leading candidate for Congress from the First District. The county officers of his county are supporting him. The Lake County Farmers' and Stockmen's Association adopted resolutions unanimously recommending and endorsing him for the office. Laborers, business men and educators have written letters and otherwise exerted themselves to assist in his election.

Elsewhere in the district there is a well organized effort looking to the

same end. And the movement has been gathering momentum for several months.

BEGAN A PEDDLER

Mr. Howard started his business life as a peddler in the streets of Lakeport and followed that vocation two years.

LEARNED TO WRITE AT FIFTEEN

He attended night school and learned to write at fifteen years of age. But he persevered to such advantage that he became a school teacher and

TAUGHT SCHOOL ELEVEN YEARS

He was principal of the Lakeport grammar school for four years, and organized the Clear Lake Union High School.

COUNTY RECORDER

He was a delegate to the Republican State Convention, and was elected County Recorder by the largest majority ever given a candidate in his county. Re tiring from politics he bought a newspaper plant and became

EDITOR OF LAKE COUNTY BEE

Mr. Howard organized and managed the Clear Lake Railroad Company, of which he was the secretary and a director. He raised by subscription over \$100,000 to initiate this project.

A REMARKABLE FAMILY

While doing all these things Mr. Howard seems to have been no less a success in the raising of his family.

Notice to Electric Consumers

Under date of August 19th, 1920, the Power Administrator issued the following order No. 113.

1. The use of electric energy for power purposes, except domestic use and use in connection with growing crops and handling of perishable foods, shall be reduced 20 per cent.
2. The use of electric energy for the irrigation of vacant lands, and of lands from which crops have already been harvested, shall not be permitted during the present shortage.
3. The attention of consumers of power for the irrigation of growing crops shall be called to the fact that unless a large reduction is voluntarily made drastic restrictions will become necessary.
4. The Power Company shall direct the attention of the City officials in their territory to the fact that electric energy used in street, sign and display lighting is being lost for productive purposes, and shall urge them to restrict this use as far as may be consistent with public safety.
5. The above reductions in the use of electric energy shall be made as far as possible, between the hours of 7 a. m. and 10 p. m.

We shall appreciate your co-operation in this matter, as it will take the united efforts of all to bridge this difficulty.

PRETTY WEDDING OF GLADYS SHIELDS IN S. F.

Miss Gladys Shields, former Sonoma High School girl and who resided with her mother on the Tower ranch at Buena Vista before removing to San Francisco was married last Saturday in that city. Miss Shields became the bride of Clarence W. Waddington, a young electrician of the metropolis. The ceremony was performed by a leading magistrate at the handsome home of Elsie Garritt.

The drawing room was exquisitely decorated in roses and the bride wore a becoming French blue silk gown with hat to match. After the ceremony an elaborate wedding breakfast was served.

Bride and groom left later for Santa Cruz where the honeymoon was spent. They will reside in San Francisco.

Many handsome presents were received by the happy young couple and among the many congratulating messages was a telegram from A. E. Tower of New York in whose household the bride's mother has long been a trusted employee.

VALLEY OF MOON PEACHES SENT TO NEVADA

Some of the finest Crawford peaches ever shipped out of Sonoma Valley were sent to Nevada last week by Joe Fernandez. For size and quality the fruit was a decided credit to the grower and will be a good advertisement for Sonoma Valley.

His friends invariably speak in praise of his wife, a former school teacher. Two of his children recently graduated from the University of California at Berkeley, another is in college, one served as lieutenant and captain in the recent war and another served in Red Cross work.

HAS STRONG BACKING

Judge M. S. Sayer of Lakeport, in writing on behalf of Mr. Howard's candidacy says: "So often such resolutions are a mere matter of form, but in this instance it is different."

Sheriff B. F. Shaul says he is heartily in accord with the fine resolutions of approval and will esteem any interest taken in Mr. Howard's candidacy a personal favor. And to the same effect the letters from Fred H. Merritt, county clerk; H. B. Churchill, district attorney; The Lake County Republican Central Committee; the five justices of the peace; four Supervisors and a long list of other men and women in all walks of life.

HAS NEWSPAPER SUPPORT

The San Francisco Chronicle had a splendid article including a picture and copy of resolutions of the farmers and stockmen. Many of the newspapers in the district have had splendid writeups of his work.

ELECT REPUBLICAN

The present congressman from this district is a Democrat, and, in some particulars, had not represented the majority views of this county. It seems that a general change is to be expected. Mr. Howard has been boosted by his friends for some months now. He seems to be the strongest candidate in the field, well fitted for the position, and he should have the loyal support of the people of Sonoma County.

COTATI BOOSTS FOR WEISE FOR SUPERVISOR

The following boost giving reasons for voting for J. H. Weise for Supervisor appeared in a recent issue of the Petaluma Argus:

First: It was through the efforts of Supervisor Weise that the Highway was built through Cotati. If it had not been for him the Highway would have followed the Hill route. The people of Cotati should remember that when a committee was appointed to meet with the Board of Supervisors in Santa Rosa, that Mr. Weise promised he would stay with them until they got their Highway. He made good his promises, for the Highway now runs through Cotati.

Second: The people of Cotati requested the privilege of using the county pump and water facilities to beautify our park. Supervisor Weise granted this request. Although he lives in Sonoma Valley he wanted to see our town made beautiful and attractive.

Third: We never had concrete culverts and bridges until Weise was elected. Now our district can boast of modern, up-to-date concrete construction.

Fourth: Supervisor Weise has spent the county funds wisely and judiciously. He has given the taxpayer more for his money than he ever got before.

Fifth: Mr. Weise is one hundred per cent American. He proved his loyalty and patriotism by giving both his sons to the military service, and digging down generously in his pockets for war funds.

Sixth: We should not forget the hard fight that Harry Weise made for us, when he secured the two and one half miles of concrete road on our end of the Cotati-Sebastopol road.

These few points show that Mr. Weise has always had our best interest at heart. Now let us show him that we appreciate what he has done for us, by giving him our undivided support at the polls.

CANDIDATE FOR ASSEMBLY WAS IN TOWN WEDNESDAY

Lucien E. Fulwider, candidate for the Assembly was in Sonoma on Wednesday interviewing prominent Republicans in regard to his candidacy.

Mr. Fulwider is a gentleman of pleasing personality and a reputation of honor and ability in the profession he has followed. In reference to his candidacy the Santa Rosa Republican says:

Lucien E. Fulwider, candidate for assemblyman from this district, is one of the best known attorneys who practices at the Sonoma county bar. He is a life-long Republican, and has always supported that ticket and believed in the principles of that party.

For the past ten years Mr. Fulwider has been a resident of Santa Rosa, and during all of that time he has taken an active interest in every thing pertaining to the welfare and progress of the section in which he has chosen to make his home. He has served this city as member of the board of directors of the Chamber of Commerce and is still occupying that position.

Mr. Fulwider was born at Willits, Cal., and for 17 years was a resident of San Francisco. It was in the metropolis that he studied law and was admitted to the practice of the profession in which he has made a splendid success. During his residence here he has handled important litigation for many clients, but has never been in public office. He has been honored by the Superior court with the position of court commissioner, and later was made United States Commissioner, and presides at hearings in this city where-in Uncle Sam is interested, when defendants are brought before him by the government. In all matters in which he has been called upon to preside he has been fair and impartial.

The candidate is well versed in his profession, and will make an ideal representative for this section in the lower house of the state legislature.

BARTLETT PEAR SEASON HERE HAS BEEN A GOOD ONE

Sonoma Valley has had an exceptionally fine crop of Bartlett pears which have been disposed of at big prices the past three or four weeks. The shipments of green fruit from Vineburg have been of exceptional quality and have been handled by the Earl Fruit Company at the packing plant of the Sonoma Valley Apple Growers' Association.

The Sebastiani cannery has this season turned out the first local pack of Valley of the Moon pears. An up-to-date unit was added to the Sebastiani plant for this purpose and although the 1920 pack was not up to capacity, it has been the means of giving employment to many workers. The pear pack is to be completed this week and the cannery will then put its help to work on string beans, and later tomatoes.

Batto and Son and G. Sorini have been drying Sonoma Valley pears in large quantities. Vineburg has been a busy shipping point of late and of the fruit shipments 56 carloads have been pears, 24 carloads apples, and 40 mixed fruits all from Sonoma Valley orchards.
